

Life happens...

...and TBT is here to help!

When life happens...and often unexpectedly....you may need a wheelchair, maybe a shower stool, a walker – or some other piece of medical equipment immediately.

We just might have a solution. Before you spend money on new equipment, before your insurance company gets around to processing your claim, check with **TBT's Lending a Hand Program**.

We have a list of medical equipment available for loan *TO* Temple members *FROM* Temple members.

Find the list of items at

<http://www.templebethtorah.com/community/hesed-caring>

If you prefer to call for the list, please try Elena DeVos first at (805) 650-1176. Martha at the TBT office is a back-up, (805) 647-4181.

And if YOU own medical equipment you're not using, please contact the Lending a Helping Hand group at ElenaDeVos@post.harvard.edu. Let us put you on our list so you can share the wealth!
